### MORNING SESSION

**Paul Barna**

*Sales Manager*  
RDI

Barna is a graduate of Carroll University with a degree in Biology and has over 32 years of Predictive Maintenance experience. Paul spent the last ten years managing the National Business Development Integration, Services and System Engineering as it pertains to Pdm systems, software, hardware, training, and service personnel with SKF. He then continued with RDI beginning in January 2019.

Barna is an ASNT/ISO Cat III Certified Vibration Analyst with certifications and training in Infrared Thermography, Ultrasound, Motor Current Analysis, Alignment, Balancing, and NDT Inspections. Paul knows that when you learn and witness what RDI has to offer you will be amazed at the results. With RDI "Seeing is Believing".

### AFTERNOON SESSION

**Russ Chapman**

*Product Specialist*  
Reliable Power Transmission

Chapman is a graduate of Texas A&M with a degree in Industrial Distribution and has more than forty years in Power Transmission equipment sales and application. Russ joined Reliance Electric/Dodge Mfg. upon graduation and spent fifteen years developing PT expertise with Dodge. He has also had positions with the Schaeffler group (FAG, INA, Barden bearings), Sumitomo gear, Drives USA roller chain and most recently with The Carlson Company/Carlson Energy.

With experience and knowledge on the complete range of PT products and both industrial and energy industry experience, Russ is ready to introduce you to the complete application solutions and products represented by Reliable Power Transmission.
