

Oklahoma Predictive Maintenance Users Group

2025 Annual Training Conference: August 12th & 13th

Sponsorship Opportunities:

Training

OPMUG will offer multiple sponsorship opportunities to interested vendors. The Vendor Expo Hall will have booths for 13 vendors. The cost for vendor booths will be \$400 for the two-day event. There will be 4 slots available for vendors willing to offer a technical speaker for a breakout session (presentation to be submitted for board approval). The \$400 booth charge will be waived for vendors offering technical presentations. Four additional classrooms will also be available (A110, A111, A112, and A113) for a cost of \$1,000. Vendors in private classrooms will be permitted to give two product or service sales presentations of up to 1-hour per day.

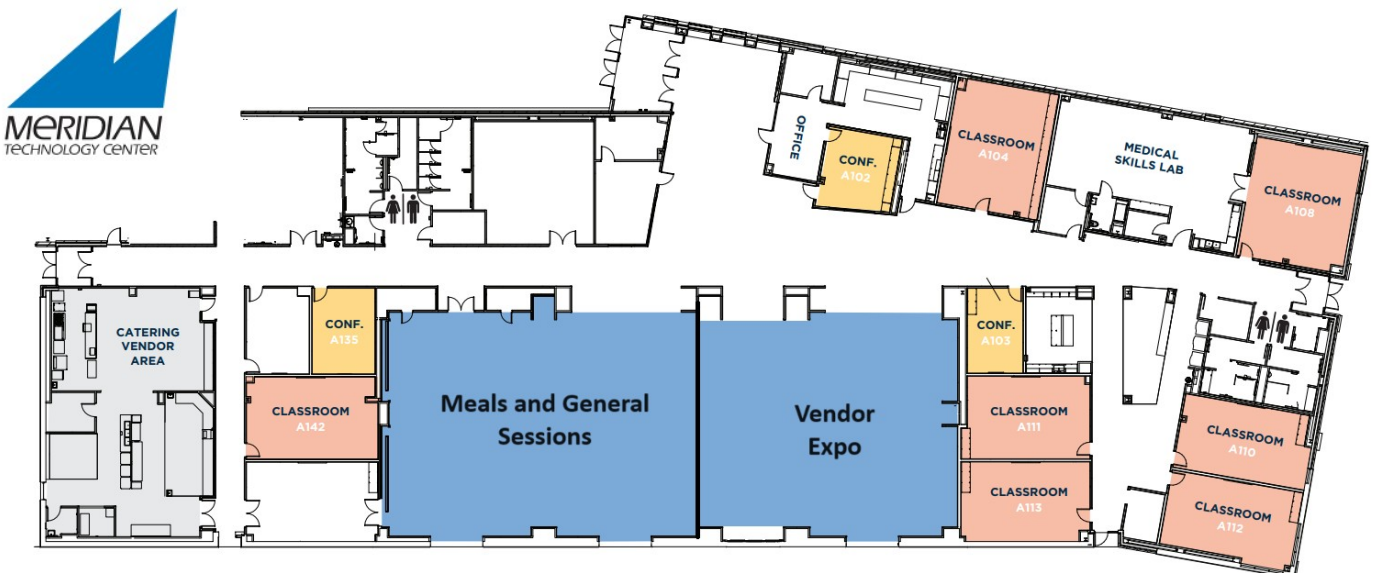

Meals

There will also be opportunities for vendors to sponsor meals at the conference. Sponsors company names will be displayed on banners during the meal. Meal sponsorship cost will be \$ 1,500 for Breakfast (2), \$2,000 for Lunch (2), \$ 2,000 (2) for the Evening Vendor Expo on August 12th (\$4,000 if a vendor wishes to be the sole sponsor for the Expo Event).

All sponsorship opportunities will be first come first serve.

Organizations wishing to participate should contact Ken Theimer KTheimer@IPS.US

Oklahoma Predictive Maintenance Users Group

2025 Annual Training Conference: August 12th & 13th

Meridian Technology Center Conference and Event Center Guthrie, Oklahoma

About The Event:

The Oklahoma Predictive Maintenance Users Group will be holding a two-day training conference in August of 2025 at the Meridian Technology Conference and Event Center in Guthrie, Oklahoma. The event will offer two general sessions covering reliability planning and operations as well as twelve breakout sessions on two training paths (Mechanical and Electrical). In addition, the event will include a vendor expo with dinner and drink service the evening of August 12th, and additional opportunities for discussion and networking during lunch on August 13th. The event will be open for sixty attendees from OPMUG member companies to attend. Full catering provided for breakfast and lunch August 12th and 13th.

Thank You to Our Sponsors

Oklahoma Predictive Maintenance Users Group

2025 Annual Training Conference: August 12th & 13th

Training

A total of 24 technical sessions will be offered, twelve in each track. In addition, key note speakers will present during the opening sessions of day one and two covering process and operations topics pertaining to plant reliability. There will also be a motion amplification training and certification course set to run concurrently with the conference at the Meridian Technology Center (MA Course cost to be listed separately). Course attendees will, however, also be admitted to catered meals and the vendor expo at no additional charge!

Training Conference Cost

Cost for members to attend the conference will be \$260 dollars per attendee, for both days. This will include access to the vendor Expo and all catered meal events.

Opportunities for Participation:

Technical Presentations

OPMUG would like to hear case studies from our members! Openings are available in the mechanical and electrical tracks for presentations of sixty, seventy-five, and ninety minute durations. Attendees that present at the training conference will have their attendance fees waived. All presentations will be subject to approval by the Board of Directors.

Individuals wishing to participate in the technical program should contact Ken Theimer KTheimer@IPS.US
